Van dromen naar wonen met Bouwbureau Slim

Wij bieden bouwbegeleiding van A tot Z. Van de eerste uitwerking van de bouwtekeningen en het 3D ontwerp tot de vergunningsaanvraag en de afstemming met de aannemer. Wij regelen alles voor u, zodat u kunt rekenen op een zorgeloos bouwproces.

Dankzij onze strategische samenwerking met Peters Hout & Bouwmaterialen, Peters Thuismakers en Massiv, beschikken wij over directe toegang tot een uitgebreide showroom en diepgaande materiaalkennis. Hierdoor kunnen wij u niet alleen begeleiden bij het ontwerp en de technische uitwerking, maar ook adviseren bij de keuze van hoogwaardige bouw- en afwerkingsmaterialen, van gevelbekleding tot keukens en vloeren.

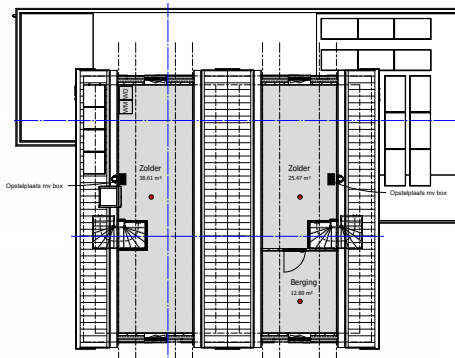

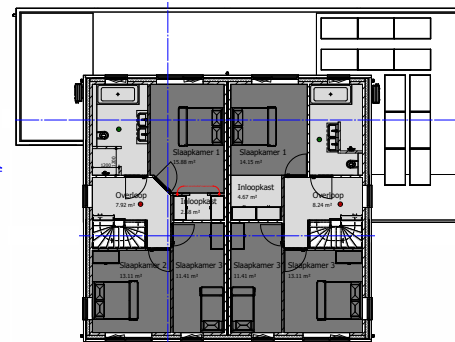

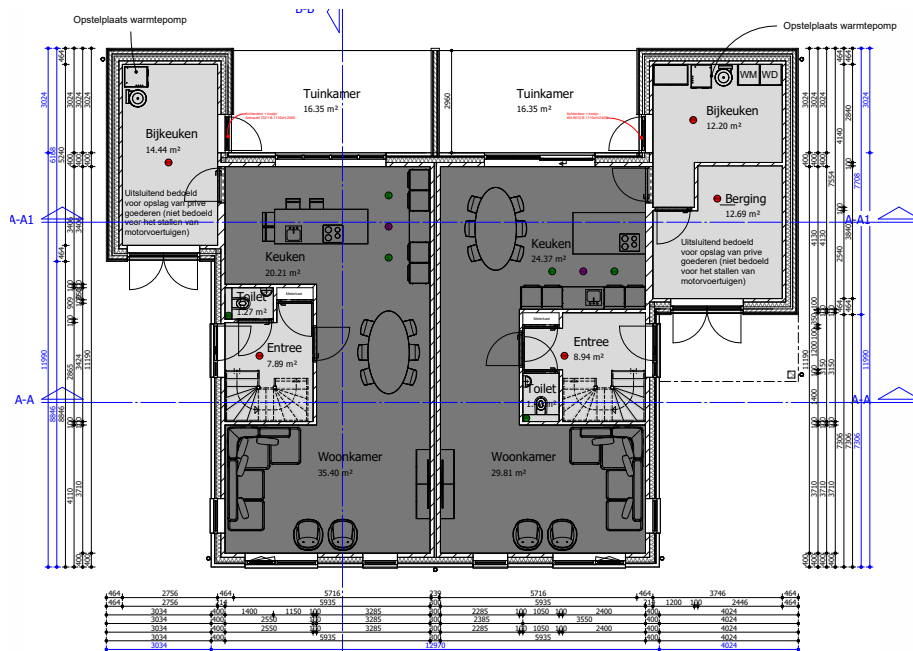

Zo begeleiden en ontzorgen wij u bij het volledige bouwproces en kunt u zich richten op wat écht belangrijk is: dromen over uw nieuwe woning! Waarmee kunnen wij u helpen?
